APPLICATION FOR AMENDMENT OF POLLUTION CONTROL PERMIT PR-3277

THIS APPLICATION is to be filed with the Director, Pollution Control Branch, Parliament Buildings, Victoria, B.C. Any person who qualifies as an objector under section 13 (2) or (3) of the *Pollution Control Act* may, within 30 days of the date of application, or within 30 days of the date of publication in *The British Columbia Gazette* or in a newspaper, or, where service is required, within 30 days of the serving of a copy of the application, file with the Director an objection in writing to the granting of a permit, stating the manner in which he is affected. Those who do not so qualify may file with the Pollution Control Board an objection in writing under section 13 (6), in the same manner and time period as described above.

Town of Williams Lake, of Williams Lake, B.C., hereby applies for amendments, as described below, to Pollution Control Permit PR-3277, granted on March 4, 1974, to authorize the discharge of refuse from municipal and other sources located at Williams Lake and surrounding area to ground near western town limits of Williams Lake.

To amend Appendix A by adding area B to location of discharge as a continuation of area C. The fill would be confined within the slopes of the gully, basically in the northeast corner of area C.

To amend Appendix 01 by deleting those words of item (e) which read "a landfill operation as directed" and substituting therefor the words "a landfill and regulated burning operation as directed".

The purpose of the foregoing amendments is to improve the operation by being adjacent to available cover material, and eventually providing better control of run-off and spring water.

I, C. H. Sandquist, hereby certify that a copy of this application has been received by the Cariboo Regional District.

This application, dated on March 20, 1978, was posted on the ground in accordance with the Pollution Control Regulations.
